| | | Car type | Coupé |

Description

This superb, original Facel Vega Facel II is one of only about 154 LHD built between 1962 and 1964, and was the factory car displayed on Facel Vega stand at the 1963 Geneva Motor Show.

The Facel II was purchased by its first and sole owner, an elegant Greek socialite, directly on Facel Vega stand.

After the Motor Show ended up, the car was imported to Greece where it stayed until we purchased it.

Finished in metallic blue over a tan leather interior, our Facel II is in original and well-preserved condition, which matches with the low original mileage its odometer shows: 20,601 Km.

This beautiful Facel Vega Facel II is one of the most elegant, efficient cars ever produced and one of the most desirable cars of 1960s society. Acquiring it is a great opportunity to own a classic car which combines the French high style with the American performance.

FIVA Identity Card - Greek registration document.
