Chassis 38719

Recent major service

Excellent condition throughout

Ferrari Classiche Certified

UK registration

The Ferrari 512 BBi we are offering here is chassis 38719 and was supplied new for the Italian market on January 1982. The car was later on sold to Switzerland during the late 90s where it remained for over a decade. Various maintenance records are available from those years and put in evidence a well maintained example throughout. More recently the car was acquired by French collector and was sparingly used. In 2020, 38719 has received a major service including cam belts, new tires and is ready to be enjoyed.

Offered in its original colour combination with full matching numbers, the car is accompanied by its Ferrari Classiche certification and needs nothing.

Available immediately.
