Year of manufacture	2000	Condition	Used
Mileage	52 000 mi / 83 686 km	Location	
Gearbox	Automatic	Exterior colour	Other
Lot number	223	Car type	Other

Description

"This car can be viewed in person from 14th to 18th July 2020 at our the auction site, Windsorview Lakes, Datchet, SL3 9HY

Building on the success of the six-cylinder DB7, the new, more powerful, Vantage models featured an all-new 6.0 litre, V12 engine with a choice of six-speed manual or five-speed automatic gearbox. Autocar declared that the DB7 joined 'the McLaren F1 in re-establishing Britain at the cutting edge of specialist car making', Autocar went on to add that 'Only Lamborghini makes a V12 that sounds better', high praise indeed.

Finished in the desirable colour combination of Malvern Silver with parchment over charcoal trim and walnut, this Vantage example has covered just 52,000 miles with three previous owners and an excellent service history. Originally delivered to Stratstone Wilmslow on the 2nd May 2000, it was serviced by them, often twice a year up to 2009 then by Oselli, Aston Martin specialists, intermittently until the present day. It will be presented with a fresh service and MoT test certificate for the sale. It comes with both sets of keys and fobs as well as a Parrot telephone system. The front tyres are reported new although the NSF alloy wheel is slightly scuffed. Over the last ten years, a new starter motor, coil packs and rear radius arms have been fitted with invoices to show. A magnificent GT motorcar offered with a low reserve.

The health and safety of both our customers and team remains the utmost priority, we are therefore operating to Government guidelines throughout viewing and auction day."
