### Description

---

We feel very privileged to be able to offer for sale this wonderful, Last of Line (LoL) Silver Seraph. Our version is extremely well specified, delivered new in the UK in Silver Pearl with Light Grey hides & Slate Grey piping, top roll & carpets (bound in Light Grey Hide).

Rolls-Royce Motor Cars built only 170 of these LoL versions, of which only 46 were finished in RHD!

The LoL cars have an enormous amount of added features; she comes with picnic tables & bespoke interior cushions with the R-R appropriately embossed, as is the case with the head rests. She has televisions in the rear of the head rests, lamb wool rugs, an electric roof, electric and heated seats, and the Spirit of Ecstasy inlaid to all door cards. She has a commemorative plaque too, in the centre console with another to the bottom of the front wings. All badges are Red coloured, rather than the standard Black, she has the Spirit of Ecstasy motifs on all wheels and finally the chromed exterior door mirrors.

Further to these features, our version has even more from the craftsman at Rolls-Royce Motor Company being the Burr Oak veneers with cross banding and box wood inlay all round, a fully veneered steering wheel and also the fully veneered door panels - a feast for all wood lovers!

She has spent her life being maintained to the highest order, we having looked after her since 2012

as well as having her in our storage facility since that time too. Last serviced June of this year with the mileage now reading 5900.

The gargantuan V12 is Silky smooth, extremely quiet & more interestingly... very powerful! The Seraph is an underrated contender for the best car in the world in period.

Our example herewith is probably the only LoL with such minimal miles & in such good condition currently for sale.

One for the collector!
