A clean HPI report shows just 3 previous keepers In summary, this is a beautiful, low mileage, 3.2 Targa finished in a lovely colour combination, clearly well looked after over the years, correctly stored and offered from a significant collection. A Porsche 911 from this generation represents a fantastic ownership experience as they have great build quality, drive well, look fantastic and with fairly basic mechanicals should only require routine maintenance. Of course, you need to source a good example and this particular 911, we believe is one of the best likely to come to market for some time and offered with an appealing guide could turn out to be a great investment. This car has formed part of a significant collection for the past few years. In preparation for the sale, the engine will be flushed, filled with fresh oil and a new filter fitted, the fuel tank drained, flushed and filled with 20 litres of fuel, fitted with a new battery and issued with a fresh MOT Certificate. A safety check will also be carried out along with an inspection report included in the history file.
