Lot number	368	Engine number	AM2/03958
		Exterior brand colour	Silver

Description

You can now book a one to one appointment (up to one hour) to view this lot at our central location between the 16th and 30th July. Please contact Arwel Richards on 07434 960868 or arwel@silverstoneauctions.com to secure your appointment or to discuss the car in more detail. The health and safety of both our customers and team remains the utmost priority, we are therefore operating to strict COVID-19 guidelines and full instructions for arrival and inspection protocols will be given when making your appointment. Supplied by Grange Aston Martin of Essex in Stronsay Silver with Pacific Blue leather. This automatic Vantage was registered to the first of three owners on the 12/05/2003. Our vendor bought the car in 2015 from marque specialist Nicholas Mee & Co. The service book is well stamped with a mix of main dealer and specialists. Part of the Generation GT Collection, a carefully curated selection of Aston Coupes. The history file includes invoices, build sheets, purchase receipts and the service book. The mileage is some 40,650 (atoc) and the car was serviced less than 1,000 miles ago. At this estimate this cracking DB7 Vantage is the perfect entry-level modern classic. Aston Martin introduced the long-awaited Vantage version of their successful DB7 in 1999. Sporting a Cosworth-designed, 5.9-litre V12 producing a creamy 420bhp, the car was super-quick and was electronically limited to 185mph. The V12 had a serious appetite for air compared to its 6-cylinder predecessor, demanding a larger intake and other modifications to the frontal airflow were made to aid cooling. Other changes included chassis and braking upgrades to cope with the increased performance, and Ian Callum enlarged the grille, added fog lamps, and restyled the

valances to give the car a more purposeful look. This superb example of the V12 Vantage with a silky smooth automatic gearbox was supplied by Grange Aston Martin of Essex in Stronsay Silver with Pacific Blue leather interior. It has been enjoyed by three previous owners and the service records indicate some nine services. The current MOT is valid until the 10th June 2021 and the car is accompanied by the original green leather owner's guide including the service records, build sheet, purchase receipt, the V5 and invoices supporting the current mileage of just over 40,650 and a spare key. Front-engined, V12 Grand Tourers have seen mounting interest from enthusiasts over the last few years and this impressively presented DB7 Vantage with its ageless looks, sophisticated colour combination, service history and sensible "driver's" mileage, seems remarkable value for money and the perfect car for the first time modern-classic buyer.
