
1991 Sunseeker 28

Price	USD 58 415 GBP 42 750 (listed)	Drive	RHD
Year of manufacture	1991	Condition	Used
Chassis number	150129	Location	
		Exterior colour	Green
		Car type	Other
		Engine number	150129
		Exterior brand colour	green

Description

A cracking example of this fast and nimble power boat - 30 years old and still has those devilish good looks

Only 3 keepers since new, the first two kept her in the South of France (New until 2000, second from 2000 to 2016) and the third shipping her down to Puerto Banus where she has been berthed thereafter

She comes with the original Handbook and operators manual as well as a complete history for the last 20 years

The raft of invoices are beyond belief and hence when you Captain her you can feel that she is one of the best afloat

Recently 2 new Volvo Penta GXi 5.7 litre engines have been installed, each pushing out 320bhp - giving much more than 50 knots and she has only been used for 270 hours since

Last summer she had a full refit of the cockpit trim by the local SunSeeker agency, all to original specification, to include all seating, side panels, rear sunbathing cushions, and also 2 new front deck sun beds too

All cockpit seating have independent covers for overnight usage as well, should the new complete

cover be left un-used

There is also a new matching Bimini and full tonneau

At the same time the tinted windscreen has been polished, so she is nice and clear whilst the instrument panels and the steering wheel have been revarnished and polished to a new finish

A new Pioneer stereo with waterproof speakers have been installed - the head unit has bluetooth for phone & playlist capacity so all bases are covered

Each year she has been dry-docked, fully serviced, with hull & propellers de-scaled and any other issues have been addressed at the same time - of course this year has been no different, with a €3.500 annual service and anti fowl treatment for the hull and propellers

She starts on the button at whatever time of the year - you can boat all year round in Puerto Banus with temperatures of up to 24 degrees in December with pond like smoothness too

She features a generous cockpit, room for a couple to sleep in the cabin (hot & cold water) a shower & WC (Heads), and of course the famous Sunseeker performance and handling - as a day boat you can accommodate 10

There is good fridge in the galley and a cool box in the cockpit as well

Having benefitted from these recent upgrades this Sunseeker Mohawk exudes quality throughout with her clean and crisp lines - acknowledged as one of the best designs of the period - both in terms of handling & beauty

A Classic Boat for sure, on the button and ready for use right now

For sale on behalf of the Owner, who is well known to us

Usage of the Berth in Puerto Banus can be discussed with any sale

General Equipment:

New Pioneer Mixtrax DAB+ Radio with Bluetooth connection and USB
