- Leather steering wheel
- Onboard computer
- Passenger airbag
- Power steering
- Radio/cassette player
- Remote central locking
- Tinted glass

= Remarks =

We have a very nice 2004 Porsche 996 Carrera 4 with a tiptronic automatic. It is a Swiss sourced car that, as the Swiss become, has always been looked after in meticulous fashion. Over the last 16 years this 911 has only clocked up some 119,137 km, which is positively reflected in the car's condition. This Porsche not only looks good, it is particularly well equipped. This 911 comes with rear screen wiper, climate control, cruise control, Sat Nav, handsfree, Xenon headlights, automatic memory seats, leather clad dashboard, steering wheel mounted tiptronic gear change and cupholders. As you can see, you will not want for anything when en-route with this lovely 911. The 4 wheel drive will serve you well under all circumstances in managing the 280 Hp. The 911 hits 100 km/hr in 5.5 seconds and reaches a top speed of 280 km/hr. As previously stated, this car is in very good shape. The "Bassaltschwartz" finish is in great condition. The accident-free bodywork with nice and thin, correctly aligned body panels. Underneath the car all is well too. The interior trim is beautiful. The fine black leather seats are in very good condition. The dashboard is also leather clad and in good condition. The climate control display of these cars have been known to suffers pixel loss, which fortunately is not the case with our 911. In short a lovely low-mileage 911 in great shape. Gallery Aaldering is Europe's leading Classic Cars specialist since 1975! Always 300-350 Classic and Sportscars in stock, please visit www.gallery-aaldering.com for the current stock list (all offered cars are available in our showroom) and further information.
