Lot number	138	Car type	Coupé

Description

No registration
Single copy
Nice realization
Great potential

Presented at the Geneva Motor Show in 2005, this C2 V6 was made by the students of the Sbarro school at the request of Citroën. The instruction was to fit the largest engine into the smallest car in the range. A successful gamble for the students who were able to create an impressive car with great potential.

This car will be sold by auction by AGUTTES Auction House, in Sochaux, at the Aventure Peugeot Museum, France, on September the 20th, 2020.
