
1961 Triumph TR4

Lot sold	USD 0 GBP 0 (listed)	Drive	RHD
Year of manufacture	1961	Condition	Used
Mileage	76 185 mi / 122 608 km	Location	
Gearbox	Manual	Exterior colour	Other
Lot number	155	Car type	Other

Description

"Produced between 1961 and 1967, the TR4 combined a new, modern and aggressive body design by famed Italian stylist, Giovanni Michelotti with the basic chassis of the previous TR3A. The TR4 also improved passenger comfort with wind-up windows, face-level ventilation and an optional hardtop. The 2138cc engine of the late production TR3A continued while the 1991cc engine was also made available to buyers who wanted to participate in two litre racing. When equipped with the optional overdrive, the TR4 was good for a top speed of almost 110mph. Today, the four cylinder TR's are among the easiest of post-war classic sports cars to own and maintain being supported by a multitude of component suppliers and other specialists.

This TR4 was one of the many exported to the US and was repatriated to the UK in 2016. Clearly she has benefitted from time and investment as this example presents in good order and is in the lovely colour combination of red with black interior. Still in lefthand drive guise, this Triumph sits proudly on Minilite wheels. We are advised she drives well with no known faults. Supplied with a V5C registration document, this Triumph TR4 looks to be good value for money.

The health and safety of both our customers and team remains the utmost priority, we are therefore operating to Government guidelines throughout viewing and auction day."
