		Electric windows	Yes
		Climate control	Yes
		Airbags	Yes
		ABS	Yes
		ESP	Yes

Description

FOR SALE; BMW 3 SERIES (E46) M3 CSL // LHD GERMAN SUPPLIED // 28K MILES // BMW HISTORY // XENONS

EQUIPMENT

Xenons, Climate Control, BMW Business Radio, CD Player, Park Distance Control, Electric Pop Out Rear Windows, M-Sport Mode, Sport Button, ESP, ABS, Central Locking, Electric Windows, Carbon Roof, Lightweight Equipment

EXTERIOR

The M3 CSL was available in only two colour variants, Black Sapphire Metallic and Silver Grey

Metallic. This example is presented in the Silver Grey Metallic paint option which looks incredible alongside the lightweight carbon-fibre panels that define the M3 'Coupe Sport Lightweight'. The paintwork is superb with no major mark or scuffs around the body.

The carbon-fibre roof panel, front bumper support and rear valance are in excellent order along with the shadow-line window trim that remains in superb condition.

INTERIOR

Slipping into the lightweight sports seats the CSL interior is a beautifully minimal affair, clad in Titan shadow trim, carbon fibre reinforced plastic and upholstered in Anthracite reflex cloth. The deeply bolstered sports seats are firm and provide race car-like support, upholstered in alcantara they present free from any protruding signs of wear and tear. Much of the same is to be said about the rear seats, showing minimal signs of wear to the alcantara with just a few minor marks present on the plastic seat backs and rear divider.

The three-spoke M steering wheel sits in excellent condition; still soft to touch unlike some of the more high mileage examples. The carbon fibre centre console remains free from scratches as do the carbon fibre door panels which continue the lightweight theme.

ENGINE & TRANSMISSION

Opening the bonnet on a CSL is a treat for any motorsport enthusiast. The BMW motorsport division pulled out all the stops tuning the 3.2 straight 6 unit and it is the addition of a carbon airbox on a road production car that really sets the CSL apart from other M power models, providing the driver with an aural symphony of straight 6 induction and engine note.

The engine bay remains perfectly clean and in keeping with its well cared for life.

Transmission is via the semi-automatic six-speed SMG II system with automated electrohydraulic clutch, capable of making smooth, lightning-quick shifts whilst also equally adept at more sedate pace in auto mode.

WHEELS, TYRES & BRAKES

Arguably one of the finest production car designs, the 19" lightweight alloy wheels help to set the CSL apart with an aggressive stance being 0.5" wider than standard M3 alloy wheels.

All the alloy wheels are in excellent condition, along with the BMW centre caps which remain free from any damage.

All four wheels are shod in Michelin Pilot Supersport tyres that still show an excellent amount of tread.

HISTORY FILE

This CSL was first registered on 05/08/03 by BMW main dealer Schneider GMBH in Bergen, Germany. The car was serviced twice by the supplying dealer, including a running in service at 1,869km, before being exported to Spain. The original service book stamps then show a service at BMW main dealer AutoPremier Valencia before the car was put into storage for a number of years.

Imported to the UK in 2016 by the current owner, he has further had it serviced by BMW sunningdale marked as an inspection 2 in the service book.

The original book pack is present along with spare keys and past MOT certificates.

Please visit our website for a full write up and additional photographs.

The car is supplied having had an extensive intake inspection. Warranty, Finance, Part Exchange and Worldwide shipping are all available on request.

Buy with confidence: we operate from a 10,000sq ft indoor showroom with the support of a fully functioning 4000sq ft preparation and service centre that includes a professional photo studio that is used by Top Gear, McLaren and Alpine Stars. We have a passionate team that work incredibly hard to ensure all our motor cars go through our rigorous and unique sales process so they are presented in the best possible condition and light, then found homes all over the world.
