Description

Fiat Stola Dedicata Prototype - One off model and first ever prototype made by Stola under its own brand - The name Dedicata comes from the fact that this car was dedicated to the former Fiat President Giovanni Agnelli - Stola a Turin based Company since the 1920s was involved in the Automotive Industry for the construction and development of numerous cars and prototypes, working with the most important car manufacturers and in particular with Fiat - The Dedicata project was the first in a series of about twenty prototypes made by Stola from 1996 to 2006 - The car was built on the basis of the Fiat Barchetta the legendary spider of the nineties that at the time was assembled in the Stola plants that took care of its realization on behalf of Fiat - The design of the Stola Dedicata is the work of Aldo Brovarone one of the greatest designers of our century - The Lancia-derived engine is supercharged and develops a maximum power of 262 HP - The Dedicata was presented to the public at the Turin Motor Show and at the Concorso d'Eleganza Villa d'Este in 1996. The car is registered with Italian plate and papers and it is road legal.
