The Mercedes-Benz SL 280 of the series R 129 offered here for sale is in absolute collector's condition. The Roadster is in first hand and was driven since its first registration on 23.02.1996 only about 5,200 km. It stood dry in a small collection and was moved in regular intervals to avoid standing damage.

Due to the careful care the car is in delivery condition, even the first Dunlop tires are still mounted. The SL was ordered on 07.07.1995 and delivered on 13.12.1995, the purchase invoice including all selected options is 134.624,75 DM.

The SL is one of the first models after the first model update in September 1995, the features of which include the new bumpers in body color, white turn signal lenses, revised alloy wheels and the radiator grille with six instead of seven louvers.
