Location

### Description

Special Edition for Boris Herrmann and Team Malizia to protect the eyes of Herrmann during the 2020/ 2021 Vendée Globe.

Howlin' sports a rectangular aviator shape with added curves to provide more protection from side glare. They also come with a removable strap that is used to tighten them to the head and ensure they stay put no matter how rough the waters get. The impact resistant polarized TAC- Lens block 100% of UV rays and are essential for blocking glare and reducing eye-fatigue on the open ocean.
