## Treat your pedals this Christmas with Vandel's latest driving shoes

**Lead**  
Order Vandel's made-to-order winter collection from the Classic Driver Shop in time for Christmas delivery. The hard part is trying to decide which ones to choose.

New colours, same great choice of three styles from a low top casual shoe to the full racer high top. Navy blue, military and green deer leather provide hard wearing winter driving options for those epic frozen lake drives. Oliva, Alpaca, Kenia and Prusia blue suede are perfect colours for those in sunnier climates. Perhaps a track day at Paul Ricard, before dashing down to the Côte d'Azur for dinner with friends. The timeless style of the Vandel range and bespoke made-to-order construction mean these are much more than just driving shoes. [Order before the 15th November from the Classic Driver Shop for Christmas delivery.](#)
