### Description

---

Chassis# 700082

Based on the DB7 GT, the most sporting iteration of the DB7, the Zagato variant benefitted from the many modifications made to the GT over the standard DB7. Improved power train, brakes, exhaust system, a stiffened chassis and a revised V12 engine tweaked to deliver 435 bhp greatly improved driving dynamics and performance.

The elegant Italian styling of this 2 owner DB7 Zagato, finished in Ferrari Nero Daytona Black features the distinct large grille, the signature Zagato 'double-bubble' roof and a completely unique rear end that had single round taillights and a drop-down boot lid. Zagato styled 5-spoke alloy wheels and a unique Charcoal Aniline leather interior completed the striking looks of this very special car.

Testament to the partnership between Aston Martin and Zagato, each chassis was manufactured in

England before being shipped to Italy where Zagato fitted each body panel.

Now available at Aston Martin Works is the opportunity to purchase DB7 Zagato number 82 of 99 along with its detailed and vibrant history.
