Description

Just 80 Ford GTs have been delivered to the EU. This car was supplied new to James Cottingham and Andrew Smith in November 2018. Since then it has covered just 350 Miles from new. It was extremely difficult to be awarded an allocation for these cars, and out of around 1,000 UK applications just 12 were granted. James and Andrew were awarded their slot in recognition of their ownership of GT40P/1029, and the extremely active (and expensive!) competition campaign they have completed over the last ten years with the car.

The Factory Specification added £50,000 worth of extras over UK list price and are as Follows:

- Liquid Grey
- 20 Inch Graphite Forged Aluminium Wheels
- Blue Calipers
- Matte Carbon Finish
- Light Speed Interior
- 6 Point Harness Anchors

Total Original Delivered price was £575,000.00 inc VAT.

Since then the car has received its first annual service at Multimatic in December 2019 and has been treated to a bespoke full body PPF protection with racing livery to match 1029.

Available to view immediately and VAT qualifying.
