Description

The Porsche 911 Carrera RS poster features a car that is one of the most classic 911s ever built. In total, 1,580 were made between 1973 and 1974, all of which qualified for the FIA Group 4 class. Designed to meet motorsport requirements, the RS – meaning Rennsport, the German word for race sport – featured a larger engine than the standard 911 S, stiffened suspension, and an iconic ‘ducktail’ rear spoiler. Our posters have been created to complement the wide selection of iconic and eye-catching colors the cars were painted in – printed on perfectly weighted paper, as part of a production run of just 911 prints. For all of our posters we use high quality off-set printing, premium paper, and vibrant color reproduction that stands the test of time – just like the cars themselves. Each one is limited and labeled with a special hologram sticker to denote its authenticity.
