Lot number	238	Car type	Other

Description

"The E63 AMG was the refreshed high-performance model of the W211, replacing the E55 AMG. It was an impressive car that combined huge power and performance along with luxury refinement. The AMG V8 engine had a high-pressure die-cast alloy cylinder block and according to many auto journalists, the E63 AMG was one of the quickest production sports saloons in the world at the time and it's no wonder with its impressive 507 bhp and 465 lb of torque accelerating the luxury saloon from 0-60 mph in just 4.3 seconds and on to a limited 155 mph. Compared to the previous E55 AMG, the E63 AMG had more horsepower and was now mated to the 7G-Tronic automatic transmission. While the E500 and E550 had the standard Mercedes Airmatic DC suspension with adaptive damping, the E63 AMG had the AMG-tuned Airmatic suspension which with the stability control turned off gave it far better driving dynamics than its non-AMG predecessors.

This stunning 2011 Mercedes-Benz E63 AMG Saloon is presented in Obsidian Black metallic with matching Anthracite Black leather interior and black ash wood trim. It comes with full Mercedes Benz main dealer service history and has covered only 66,800 warranted miles from new. It also comes with a new 12 month MoT test certificate. It has full AMG specification including; Command satellite navigation, Bi-Xenon intelligent lighting system headlights with cornering light function and auto on/off. Front and rear parking sensors, cruise control, dual zone climate control, 19" alloy wheels, CD player, Bluetooth telephone, front seats four-way electric lumbar support. Electrically adjustable with memory function heated front seats, multi-function steering wheel with AMG aluminium gear shift paddles. AMG ride control sports suspension with adjustable damping system with three settings

(comfort, sport and Sport Plus), AMG speed sensitive sports steering and three stage electronic stability programme (ESP), acceleration skid control (ASR) ABS with brake assist (BAS). It also comes with automatically dimming rear view mirror, Bluetooth interface, command multimedia system with media interface, includes radio/CD/DVD changer (six disc) with MP3 compatibility auxiliary input. This is a great performance car with comfort to match, it has been well looked after and is in excellent condition, full service history with one Mercedes-Benz main dealer and with low mileage. Last serviced at 63,000. Complete with manuals and service book, space saving spare, toolkit, locking wheel nuts and various bills. The car is also covered by Mercedes-Benz Mobilo breakdown service."
