
2009 MINI One

Lot sold	USD 0 GBP 0 (listed)	Drive	RHD
Year of manufacture	2009	Condition	Used
Mileage	34 930 mi / 56 215 km	Location	
Gearbox	Manual	Exterior colour	Other
Lot number	267	Car type	Other

Description

"Introduced in 2001, the hatchback Mini was the first model of the new generation and back then was simply known as Mini. It was available in Cooper, Cooper S and One variations. In many European markets, the Mini One was powered by a 1.4 litre version but all other petrol powered Minis used the 1.6 litre version. The names Cooper and Cooper S, used for the sportier version of the classic Mini, came from the involvement of John Cooper and the Cooper Car Company.

Originally supplied by Mini Park Lane on 1st March 2009, this fantastic example has covered only 34,930 miles from new. The first owner ensured he purchased a car with a good specification, the extras include Automatic gearbox, Chili-Pack and heated front seats; air conditioning is a standard feature on the Cooper S. However, after taking delivery of the car he then took the car to Auto Audio in Park Royal for their craftsmen to work their magic. The dashboard and door tops are trimmed in faux crocodile skin and Alcantara has been used to bring a soft, warm feel to the interior. A high-end Pioneer stereo system and satellite navigation system have also been fitted with an amplifier fitted to the boot and to be expected the speakers have been upgraded. The interior light has been upgraded to an LED version and a centre armrest has been added. Finished in Midnight Black with Carbon Black leather seats, this Mini presents in very good all-round condition and we are advised she drives with no known faults. Supplied with a V5C registration document, a current MoT test certificate valid until 12th October 2021, the original service books, sales invoice and spare key, this is certainly a Cooper S that has a luxurious feel about it."
