Montblanc - (Montblanc M)RED Rollerball

Approximate price

USD 494

Currency converted from 410,00 EUR
Final price may vary

Location

Year of manufacture

2020

Description

In partnership with Marc Newson, we introduce (Montblanc M)RED, designed to support (RED)'s fight to end AIDS. Every item purchased from the (Montblanc M)RED writing instrument collection will contribute €5 to the Global Fund to support HIV/AIDS programs, which helps prevent HIV mothers from passing the virus to their babies. Made of red precious resin, handpicked by Marc Newson, the writing instrument's fluid lines flow gently into one another. Featuring a magnetic cap closure with alignment of cap to barrel (including snap mechanism) as well as an additional 'plateau' magnet for the cap to sit on while writing. Please note this product contains magnets. Before using it, if you have any doubt about its safety, please consult your health care professional.

Ident No. MB117599
