Turn your desk into a race track with this amazing Ferrari 330 P4

30 November 2020 | Classic Driver

The Ferrari 330 P4 is arguably one of the most beautiful and iconic racing cars to ever grace the Circuit de La Sarthe. And while you might not be able to afford the real car, wouldn't this amazing scale model from Amalgam Collection look great on your desk?

Our friends from Amalgam Collection have dedicated a small batch of handbuilt 1:18 scale replica to the #21 car that finished second at Le Mans in 1967, piloted by Italian Ludovico Scarfiotti and British driver Mike Parkes. This adorable scale model [is now available in the Classic Driver Shop](#)
