### Lead

If 2020 has taught us one thing, it is to enjoy life in every moment - and not to postpone it until the future. Even the great wines now being auctioned by Schuler Auctions in Zurich should be uncorked immediately, rather than gathering dust in your wine cellar.

Schuler's auctions in Zurich are legendary, whether you are looking for samurai armour, a diamond ring for your loved one, a mid-century armchair, or a vintage watch, you will find it at Schuler. From December 7th to 11th, they will again open a treasure chest, with more than 3,000 lots being called up. You can [find the entire catalogue in the Classic Driver Market](#). What especially caught our eye was, the special Grand Cru wines, vintage champagnes and rare spirits. After all, in this year of deprivation, wouldn't it be nice to forget all the investment ideas, get the corkscrew ready, light up the fire and toast better times with a world-class vintage Bordeaux?

## We would bid on these fine wines
