## Description

Hanhart's brand new and strictly limited PIONEER Mk II 80 Jahre Jubilaeum is dedicated to a very special anniversary: 80 years of the PIONEER Mk II.

In 1940 the production of the two-pusher model "Calibre 41" started.

80 years of history in a 40 mm case. The red pusher is made of robust HyCeram® and the pusher distance is asymmetrically arranged, like 80 years ago. To give the anniversary chronograph an unmistakable design, inspired by the Black Forest, green was chosen as the colour of the dial and the case has a matt sandblasted finish.

More information about the history of this wristwatch you can find under PIONEER Mk II 80 Jahre Jubilaeum on our website. Each Hanhart wristwatch is shipped including a high-quality leather pouch.
