Description

Part of a new series of Limited Edition prints inspired by an era when cars expressed more than mere transportation - art, sex and freedom. Produced in collaboration with photographers, car collectors, models and post-production professionals.

'Inside Out' is printed on C Type Kodak Metallic professional colour paper. The rich metallic base gives the 911 a reflective and 3-dimensional feel while adding high mid-tones and luminosity to the 'Pinstripe' fabric.

Prints are supplied unframed, protected by acid-free tissue. Each Limited Edition print comes with a numbered Certificate of Authenticity.

To order or view more prints, please visit our website lastdaysoftheautomobile.com or click the contact button above.

There are currently five Limited Edition prints in this series, available as A1 (as listed here) and A2.
