Description

1967 JAGUAR E-TYPE 4.2 LITER SERIES 1 ROADSTER:

--British Racing Green with Tan leather interior, Tan carpeting, Tan soft top, Factory hard top, Fully restored, 4,500 miles since restoration, 4.2 liter straight six-cylinder engine, 4-speed transmission, Chrome wire wheels, Matching Numbers, Jaguar Heritage Trust Certificate.

Originally delivered in Canada, this E-Type is a matching numbers example that has been collector and Jaguar enthusiast owned for much of its life. For many years this E-Type belonged to a prominent Jaguar Club member and concours judge in Vancouver. During this ownership, the car was completely restored just a few years ago with no stone left unturned. After restoration, the E-type was sold to a well-known collector in Arizona. As with all the iconic automobiles in this collection, this E-

Type has been religiously maintained in Scottsdale by local Jaguar specialists.

This E-type was acquired by Autosport Designs in April 2019. It then went through a complete full service to make sure all is in excellent working order, including new water pump, new hoses, new brake booster and master cylinder, and new clutch master cylinder. Once completed, the E-type was sold to a very good friend and client of Autosport Designs and coincidentally, also a Scottsdale resident. After some Arizona enjoyment without missing a beat, this E-Type was part of a multi-car trade deal and deserves another welcomed, new home.

A recent road test attests to the car performing flawlessly in every way and is indeed ready for immediate use and enjoyment. Included with the sale are its factory hardtop in matching British Racing Green, service records, owner's manual, wheel hammer, jack, tools and Jaguar Heritage Trust Certificate.
