Description

Inspired by the fully exposed carbon P1 displayed at the 2016 Geneva motor show, McLaren instructed MSO to produce a limited series of the 675 LT Spider named the 'MSO Carbon Series'. Not only does the MSO Carbon Series display the full body in exposed carbon fibre but also boasts 40% more carbon fibre parts than the standard 675LT, of which can not be retrofitted to a standard car. Only 25 examples were made worldwide with only a handful to UK. This stunning example has 1 owner from new and only covered 754 miles, can also be supplied Vat qualifying. A fantastic addition to any collection. All vehicles are supplied with remainder of manufacturer warranty or a comprehensive 6 month warranty which can be used at main dealers. Call today to arrange your viewing by appointment.
