Tim Hutton

This February 5th sees a fine selection of British cars being offered in Artcurial's Paris sale that will help you forget all about this Brexit nonsense.

This February the 'So British' collection is being auctioned with Artcurial in Paris and remarkably they are all built by manufactures beginning with A or B! The collection began in the 1990's and has grown to represent some of the finest moments of the British automobile industry with cars from AC, Aston Martin, Bentley and Bristol. The Aston Martin DB4 GT is the real star lot with an estimate of €1.6m - €2.4m. You would also be foolish not to consider the simple lines of the AC Ace and Acea or the rare and sporty Bristol Arnot.

### Ten fine British classics you need in your garage
