Description

This James Hunt quote poster commemorates the 40th anniversary of his World Championship victory with a personal quote from James Hunt himself and a beautiful depiction of his McLaren M23 race car.

McLaren approached Unique & Limited to help celebrate the defining moment of James Hunt's career: the Japanese Grand Prix of 1976, where he secured his only world title. Our poster depicts Hunt's McLaren M23 - battered and bruised by the adverse weather conditions of the dramatic race. The poster also features the exact font used on James Hunt's iconic black helmet - with the same scuffs and scratches that could be seen on race day. To finish it off, we've included a quote that truly sums up Hunt's performance in Fuji.

This very special artwork is part of a limited edition of only 1000 prints.

Official licensed product of McLaren Racing Limited and James Hunt Racing.

For all of our posters we use high quality off-set printing, premium paper, and vibrant color reproduction that stands the test of time - just like the cars themselves. Each one is limited and labeled with a special hologram sticker to denote its authenticity.
