Number of doors	5	Car type	Station Wagon
Performance	102 PS / 76 kW / 101 BHP	Metallic	Yes
Drivetrain	2wd	Electric windows	Yes
		Climate control	Yes

Description

Beautiful 1987 Citroën CX 20 RE break in good overall condition. Equipped with air conditioning and originally sold new in Portugal, it has been maintained, never restored and it's in original condition.

The Citroën CX is an executive car with a front engine and front-wheel drive manufactured and marketed by Citroën between 1974 and 1991. The CX was available as «four-door fastback sedan», «break» and «long wheel base limousine». The CX became known for its self-leveling hydropneumatic suspension system and its low drag coefficient.

It was voted "European Car of the Year" in 1975, and is described by some enthusiasts as the last "real Citroën" before Peugeot took over the company in 1976.

All the information provided does not dispense with its confirmation, nor can it be considered binding.
