Description

From an era of style and class, this stunning Aston Martin DB6 Vantage is for sale. Supplied by HWM in 1967 this particular example has recently returned to the UK from its previous German owner who had the vehicle imported there in 2007. Originally finished in Silver Birch with Red Connolly trim this DB6 has benefitted from a respray in the very desirable Dubonnet Rosso and has a beautifully patinaed black leather interior. Subject to an engine rebuild in 2004 this Aston Martin has covered a total of 107,647 miles that are well documented in its extensive history folder. Inspected by our specialists at Aston Workshop, we're happy to confirm that this is a great investment opportunity, ready to be enjoyed by the next custodian.
