[Looking back on Ferrari's greatest hits at Le Mans](#)

Lead

We are celebrating Ferrari's return to Le Mans with some of our favourite Automobilitist artworks and Amalgam Collection scale models, from the Classic Driver Shop.

For the first time since 1973, Ferrari will return to racing in the WEC and, of course, Le Mans in 2023. This means that we will see Ferrari entering an entirely new hypercar to compete against Toyota, Peugeot, Porsche and Audi on the Circuit de la Sarthe in just two years. In the meantime, we are looking back at Ferrari's greatest Le Mans endurance race cars and victories with a selection of memorabilia from the Classic Driver Shop.
