Description

“Cor Euser and Jan Lammers Works Car”

1995 Marcos LM500

Chassis 9417

365 Bhp V8

Owned and driven extensively by the man who’s name will forever be linked to the Marcos marque, Cor Euser. Jan Lammers drove the car in the Zandvoort Masters festival of 1995.

We recently discovered this works LM500 and we are offering it as a rolling shell with a rebuilt correct 365 Bhp, Rover 4,6 Litre V8 Engine.

All it takes is to choose the right color, install the engine and place a new front window. For the color we would obviously recommend her original Dark Racing Green 1995 livery.

Cor Euser will be available for technical support and historic references.

Some specs and details:

- New brakes
- New wheelbearings
- New shock absorbers

- Rebuilt engine (invoice present)
- New Flywheel and Clutch assembly
- MBE Electronics
- All parts included to complete the car
- Comes with a scan of the entire 1995 picture book of Cor Euser
