Hexagon Classics are very pleased to present this stunning low-mileage BMW M5 V10 for sale, which looks the part with its classic metallic black and black leather colour scheme. Supplied in September 2005, the M5 boasts 7 services, including the all-important running-in service carried out by Park Lane BMW in December 2005 at 1,317 miles. This M5 has always enjoyed regular maintenance, with the last service and brake fluid change carried out in June 2019. An electronic vehicle health check was also performed by BMW, Kentish Town in August 2019.

The BMW M5 is a high-performance variant of the 5 Series executive car which was built by the Motorsport division of BMW. The E60 M5 was introduced in 2005, with a V10 engine and 7 -speed

sequential manual gearbox, linking the car with the BMW Sauber Formula One programme. The E60 M5 was the world's first production saloon to feature a V10 petrol engine. The E60 M5 was the most successful M5 produced, despite being on the market for one year less than the E39 M5. The V10 engine won multiple World Engine of the Year awards: - the S85 engine produces 373 kW (507 PS / 500 bhp) at 7,750 rpm and 520 Nm (384 lb/ft) of torque at 6,100 rpm. The engine and transmission were completely designed from scratch for this M5 model. 0 - 60 mph is achieved in just 4.2 seconds.

The BMW M5, along with the E63/64 BMW M6, were designed to use the new Getrag SMG III single-clutch seven-speed semi-automatic transmission, that performs gear shifts in 65 milliseconds. The SMG III sequential manual includes features such as hill holder, a designated drive program for steep climbs and descents, and a downshift assistant, which briefly dips the clutch to avoid destabilizing wheel spin as well as a pseudo-automatic mode for urban driving.

Prepared for sale by our BMW factory-trained staff to the highest standard, the M5 is complete with its original leather book pack, history file, spare remote key and wallet key. The car will also be sold with a 12-month comprehensive warranty. Available to view now at our London showrooms.
