Year of manufacture	2008	Condition	Used
Mileage	73 398 mi / 118 123 km	Location	
Gearbox	Automatic	Exterior colour	Other
Lot number	234	Car type	Other

Description

"DUE TO CIRCUMSTANCES BEYOND OUR CONTROL, THIS LOT HAS BEEN WITHDRAWN FROM THE AUCTIONMaserati unveiled the Gran Turismo at the 2007 Geneva Motor Show and produced the car between 2007 and 2019. Initially equipped with a 4.2 litre V8 engine developed in conjunction with Ferrari. The sleek design gives a drag coefficient of 0.33 and generates 399hp. This new model set a record for the most quickly developed car in the automotive industry, going from design to production in nine months.

This handsome Italian sports car was originally registered in December 2008 and presents well in silver with a cream leather interior and grey alloy wheels. This sleek V8 is fitted with a good level of equipment that includes Xenon headlights, satellite navigation, air conditioning and electrically adjusted seats. The automatic gearbox is linked to steering wheel mounted paddle shift controls that work well in conjunction with the Ferrari developed engine. Offered to auction with a V5C registration document showing only two previous keepers, a leather bound owner's manual, book pack and an MoT test certificate valid until February 2022. This impressive eye-catching Italian beauty is available at a fraction of its original cost."
