Description

VIN No. SAXXNNBYNBD094693
Engine Type: 12A2E

Registered in Genoa in 1994, with original number plates and logbook. Introduced in 1992 and produced from 1993 to 1996 in only 1,081 units, the Mini Cabriolet was the smallest 4-seater convertible available on the market. British Racing Green with matching soft top, very sound bodywork and paintwork simply freshened up several years ago. The soft top is in very good condition. The interior was upholstered in biscuit coloured leather, probably by the same dealership that sold it to the first owner. This was common practice as the only interior available was grey velvet. The 5-digit speedometer shows just over 29,000 km, which could be the original speedometer given the condition of the car. It has the typical 12-inch alloy wheels, although it is possible to mount 13-inch ones. Original mechanics fully functional. The engine is 1.3 Single Point Injection, incredibly reliable and lively. Valid MOT. An extremely rare and sought-after model in its most elegant colour combination, unmissable for mileage and condition. The car must be collected in the province of Savona.
