Description

Ferrari 308 GTB Dry Sump Carburettor example, Supplied new by Charles Pozzi in Paris and 1st registered in Grenoble France in September 1977, this wonderful and very original example is presented in the best colour combination of Rosso Corsa on Nero hide, sitting on the original 14" Campagnolo wheels, it has been in the same family for 35 years where it was imported into the UK in 2008, having previously spent many years in Monaco, it is currently showing only 39,500 kms, approx. 24,545 miles. A major service was carried out in 2019 by a UK independent Ferrari specialist to include a cambelt change at a cost of £5,395.00 having only covered several hundred miles since. A further service was carried out in March 2021 to include a fresh 12 months MOT. It comes with its original toolkit & jack, original wallet, warranty card & owners service book, Dealer Directory and manual, complete with service history, invoices, receipts, historical MOT's and some old Monegasque copies of titles. An appreciating classic that presents very well.
