Description

Serial number VF1822000e0001115
Substantial file with purchase order and invoice
Quality preparation
French title

This Renault 5 Turbo 2 was delivered new on March 11th, 1985 by the Renault Alpine dealership in Boulogne Billancourt as described by the order form and the purchase invoice. It was kept for 10 years by its first owner and maintained at the dealership, as evidenced by the invoice file that accompanies it over 36 years. This R5 Turbo 2 was sold in June 1996 to the second owner, when it had 75,700 km, the latter replaced the original rims with Tramounts (for an invoice of 15,314 francs). Thirteen years later and 10,000KM later (84,000km) he sells it to the current owner. This is when the changes have been made by the Poudrel Racing establishments : Engine removal / Complete overhaul (forged pistons, valves, camshafts, injection, turbo, clutch, carbon pads, running gear, etc.). Everything has been done for a final power of around 220hp. On the interior side, buckets and a hoop have been installed. Note that the carpets and several original features are preserved, specific competition controls were installed for optimal use of the cabin.
