Displacement **3387 cc**

Engine **Boxer 6 Cylinder**

Max Power **300 HP**

Max Speed **280 kph**

Gearbox **Manual 6 Speed**

ASI CRS (Italian Certificate of Historical Importance)

The 996 Cabrio was the first to be equipped with a water-cooled engine, the outer line was updated and cockpit too, to ensure a high level of comfort.

These innovations were not considered by the "purists" a step forward for the evolution of the 911 although, even customers were not convinced of the changes, one of them the headlights that supplanted for the first time the round headlight typical of the model and the Targa.

The addition of two large side air intakes, slits on the front and rear bumpers and the aileron increased the aggressiveness and aerodynamic performance of this model.

This restyling then anticipated that of the entire range.

The Porsche 996 boasts a driving fluidity comparable to that of competitors in its segment.

The engine delivers the beauty of 300 horsepower capable of pushing this cabrio over 280 kph. It is in fact a sporty everyday: comfortable, comfortable, and versatile, able to satisfy even the most demanding of fans of the German brand.

The car has the ASI CRS (Italian Certificate of Historical Importance) e libretto dei tagliandi completo. Excellent conditions of paint and bodywork.

Three-spoke steering wheel covered in leather.

Black leather interior and seats in very good condition.

Alloy wheels with 5 spokes.

Duplicate of the keys.

Despite its high performance, the 996 has an incomparable driving fluidity.

Engine regularly overhauled and in perfect condition of efficiency.

The car is visible in our showroom in Reggio Emilia.

It is also possible to view the car by booking an online connection with our commercial operator, via Skype, Zoom, Whatsapp and Google Meet platforms.
