Description

The painting (100 cm x 100 cm) made in a single copy by the well-known international artist KNULP, is dedicated to the legendary and unforgettable Michael Schumacher seven times World Champion in F1.

This painting depicting the German driving a Ferrari F1 finds its ideal place next to a splendid collection of Ferraris.

KNULP: Born in Turin in 1962, Fabrizio de Nicolò aka KNULP brings together in his works the passion for motors, POP ART and the experience gained as a professional photographer.

Noise and color are the unmistakable features of a large part of his production marked and dedicated to motorsport. The cutting and framing of the images betray their provenance from the photography environment. The bright colors and the use of dripping bring the viewer and breathe POP atmospheres and the frenzy and adrenaline of a car circuit.

Outsider by choice of the institutional environment of the art market, his works are present and highly recognizable in prestigious locations, exhibiting in important international exhibitions and reviews, and counting important clients such as, for example: Hyundai Motorsport, Horacio Pagani founder of Pagani Automobili, Alejandro Agag CEO of Formula E, etc.
