Description

Not registered, without papers.

This highly original scooter was built by a skilled Tuscan craftsman. According to bibliographic sources, only two examples were produced in 1949 and, in all likelihood, this is the only one left. With its truly original lines, it is equipped with a 98cc single-cylinder 2-stroke engine with forced air cooling. A truly unmissable opportunity for connoisseurs. Restored and presumably never used since. A general mechanical check is recommended before use.
