Lead

This May Auctomobile have a number of auctions with some fantastic cars available that cover all eras of the automobile. We picked out our ten favourites that we think you should take a closer look at.

A rare Ragusa Green, paint-to-sample 993, a beautifully patinated MG TB Lester Special, that is eligible for many historic events, and a drop dead gorgeous, Ferrari 250 GT Coupé all grabbed our attention when checking out the latest auction lots coming up with Auctomobile this May. Also worth taking the time to examine is the gorgeous 1969 Bizzarini. [To view these any many more of the cars coming up at the various Auctomobile auctions, check out the Classic Driver Market](#)
