## A thunderstorm? No, RM Sotheby's Porsche line-up for Amelia Island

**Lead**

Now in its 23rd year, the official auction of the Amelia Island Concours d'Elegance is back and RM Sotheby's selection of Porsches has us reaching for our bidding paddle!

RM Sotheby's are no strangers to using the Amelia Island Concours d'Elegance to sell some of the finest Porsche models ever to leave Germany. In 2018 they set a new auction record with the sale of a 1993 Porsche 911 Carrera RS 3.8 which sold for \$1,655,000.

In 2021 that figure could see you securing the purchase of both a 964 Carrera RSR 3.8 and a 993 Carrera RS 3.8! Or maybe you would like the stark contrast of the Porsche 918 Spyder and a 924 Carrera GTR, one of 17 factory racers built.

Maybe red is your favourite colour? So how about the 1988 Flat-Nose Turbo cabriolet and the 911 Speedster with colour-matched wheels. The 1965, Irish Green 911 also warrants further investigation having been returned to its original specification in recent years with contrasting beige interior.

To take a closer look at the fine selection of [Porsches being offered for auction with RM Sotheby's](#) this may head over to the Classic Driver Market.
