[LARUSMIANI's spring summer 2021 collection captures the magic of Costa Smeralda](#)

Lead

LARUSMIANI decided to showcase their new spring summer 2021 collection a little differently - Guglielmo Miani invited a few well-known friends to be photographed enjoying their daily lives in Costa Smeralda.

Summer is here, so the time has come to swap out those greyscale winter layers for something decidedly more colourful and fresh. Fortunately, LARUSMIANI has created the ideal wardrobe, distilling the essence of Sardinia's beautiful Costa Smeralda into a vibrant collection that will have you dreaming of the mediterranean all year round. However, one can't truly enjoy a holiday without a range of essentials, and LARUSMIANI has carefully curated a selection of accessories for the modern gentlemen that are entirely handmade by expert artisans. Between the exquisite garments and the jewel-like accessories, we had an incredibly tough time hand selecting just 10 items, so after taking a look below we strongly recommend you peruse the entire [spring summer 2021 collection](#).

Here are 10 handpicked items from LARUSMIANI's spring summer 2021 collection:
