The Lincoln Continental was an idea of Edsel Ford and was designed by the Chief Designer from Ford.

In 1940 this car was launched as an exclusive, luxury, handmade car for the upper class.

The Continental was chosen by The Museum of Modern Art as one of the eight automotive artworks. In addition, Time Magazine chose this car as one of the 10 best-designed commercial products.

This Lincoln is in a perfect condition. The noble color matches its design perfectly and gives it a luxurious and impressive look.

The paint is just like the chrome very nice and shines nice and bright.

The mighty 12 cylinder engine runs excellent and the gearbox shifts perfectly.

The Lincoln was way ahead of its time in 1948 and very luxurious.

With hydraulic windows, a genuine leather interior, hydraulic seat adjustment and the hydraulically operated top this car is really amazing.
