Interior type	Leather	Interior brand colour	Crema
		Electric windows	Yes

Description

With a powerful Flat-12 and a design that will remain as stereotypically Ferrari, the Testarossa is more than a car. This Ferrari was and still is an ambassador of an era, an « art de vivre », a time of opulence. Designed by Fioravanti for Pininfarina, the Ferrari Testarossa inherited the Formula one derived Flat-12 of the might 512 BB and was, with the F40, one of the last « true » supercar before the introduction of driver assistance and new technologie.

Pinnacle of what could be done, the Testarossa was a car to drive and to be seen in. From the roads of Italy to the spotlights of Hollywood, this iconic car was the star of it's time. Despite the huge success of Miami Vice, only 2100 Testarossa were officially sold in the US.

This specific car, one of the 261 US Spec cars sold in 1989, is available in this rare Nero color with Crema leather interior with Bruciato carpets. ☐☐Recently meticulously serviced (including belts), this Belgian registered Testarossa is ready to take the road again. ☐☐

The car can be seen at Gipimotor's HQ (Evere - Belgium) on appointment only.
