Description

This classic car is for sale on Catawiki. To have more information or to place a bid click on the "BID NOW" button. .Don't miss out on the opportunity to become the new owner of this timeless classic Jaguar coupé! This is a NO RESERVE auction.

The Jaguar XJ-S, XJS for the third generation, was a GT-car by the British Jaguar. The XJ-S was introduced in 1975 as a replacement of the Jaguar E-Type. The model was built in 3 generations until 1996 after which it was followed by the Jaguar XK8. Currently, the XJ-S has its own status, just like the legendary E-Type which is the follow-up of this model and is therefore increasingly hard to find.

This Jaguar with only 41,566 miles on the counter is in neat condition. The car starts immediately, shifts through all gears and brakes properly, the engine bay looks very fresh and well maintained. The car has the original Jaguar leather which is still in neat condition, the interior is completely untouched from the moment it was delivered new in 1989, except for the radio.

The NDP Glacier White paint is in good condition and has a nice deep shine. The Jaguar XJ-S V12 is the most powerful XJ-S and the most sought after. Don't wait too long, bid along and become the new owner of this Jaguar XJS.

Information about the car:

Jaguar - XJ-S 5.3L V12 Coupé - 1989
