Description

1954 BERLIET GLC 6 A

Chassis n° G17369
Type GLC 6, Berliet diesel engine
Gross Vehicle Weight : 12 000 kg
Equipment : Berliet bodywork

The GLC model is probably the best-selling truck of the Berliet brand. In 1950, the company was crowned the leading French manufacturer of heavy goods vehicles. For many years, the Vénissieux-based company delighted small craftsmen and large transporters alike by manufacturing trucks that travelled millions of kilometres on roads around the world.

This Berliet was bought by its current owner in 1984 from a carpenter from Felletin in Creuse.
It was fully restored in 2002.

Its original mileage of 89,000km suggests that it is the lowest mileage Berliet GLC in the world, as these trucks are known for their robustness throughout the world.

Its on-board kit is complete. Very well equipped, it will be delivered with its door keys and key ring.
It is now in perfect condition and working order.
