Description

This fine Morgan Aero 8 series 4 is produced with the reliable BMW 4,8 liter V8 engine with 368 HP

Morgan originally released the Aero 8 at the Genève car show in 2005 as a fitting car for a respected Morgan customer - Prince Eric Sturdza from Genève

Because of the interest at the car show and to celebrate Morgan's 100 year anniversary the car was set to limited production of 100 cars, although they produced more the years to come, because of the huge interest.

The car is well maintained and has a classic look with the black metal color and brown interior
