Description

- One of the first 500 Scoiattolo produced in 1968, out of a total of only 200 specimens, for 16 years in the same collection. Original mechanics of the 500 F, still retains the original license plate of the province of Trento, only 3 owners.
- Red colour, sound and rust-free bodywork, but showing some signs of aging, complete with all details and chromes. Original and well-preserved interiors. Needs to be repainted.
- Mechanics complete and original, it has been stationary for several years in a dry place. Needs a general check to be able to be restarted. No valid MOT.
- The Fiat 500 Scoiattolo, was produced by the CAP (Carrozzeria Arrigo Perini) in Arco, in the province of Trento, between 1968 and 1973. It was a great success as it represented a nice and cheap alternative to the more expensive 500 Jolly. It is assumed that only 200 were produced, very few have survived to this day.
- The car must be picked up from Turin
